

SLP Oxfordshire and Reading

Leading Primary Science

Date: Thursday 14 March 2024—Why is science important

Time: 3.30pm-4.30pm

Date: Thursday 21 March 2024 –What do you want your curriculum to look like?

Time: 3.30pm-4.30pm

Date: Monday 25 March 2024 –The National curriculum and your curriculum

Time: 3.30pm-4.30pm

Date: Monday 15 April 2024 –Back to school adaptations

Time: 3.30pm-4.30pm

Date: Monday 22 April 2024 –Ensuring successful implementation

Venue: REMOTE

School pupils are likely to have missed some core learning which will require your long-term curriculum map to be adjusted in the short-term. This course supports subject leaders to clearly define the curriculum across the school and enable them to effectively support teachers, implementing it successfully in the classroom.

Secondary science updates—Maths in Science

Date: Tuesday 12 March 2024

Time: 4.00pm -5.30pm

Venue: REMOTE

The sessions will focus on the current ideas or best practice research related to the effective teaching of secondary science.

The sessions are bespoke, responsive to any changes which occur nationally and can be flexible to meet the priorities of the participants.

Technicians: Maintaining your prep room

Date: Tuesday 23 April 2024 -Introduction; Environment for working

Time: 1.30pm-2.30pm

Date: Tuesday 30 April 2024 -Managing time effectively

Time: 1.30pm-2.30pm

Date: Tuesday 7 May 2024 -Documentation and Inventories

Time: 1.30pm-2.30pm

Venue: REMOTE

Maintaining a science prep room can pose a number of challenges. Explore strategies to organise your prep room in an efficient way to maximise the operational side of delivering practical science lessons. You will look at ways to streamline practical requests as well as how to document inventories and safety considerations.
