

HAVE YOU READ THE LATEST MATHS REPORT FROM OFSTED?

If so, you will have seen that the report specifically mentions the benefit of making good use of your local maths hub! That's us - the **Möbius Maths Hub!** Are you getting the most out of us?!

The Ofsted report recognises that schools “receive high quality, subject-specific” continual professional development from NCETM and their local maths hub, and the training could reduce schools’ “vulnerability to quick-fix approaches or unevidenced ‘fads’,”

The report also showcases the NCETM **Mastering Number** programme as an example of good practice in early mathematics.

Have you signed up for Mastering Number yet? It's **FULLY FUNDED** by the Maths Hub Programme so totally **FREE!** You can sign up with us [here](#):

MATHS CPD LEADERSHIP PROGRAMMES NOW RECRUITING

Teachers in all phases are invited to apply for programmes to lead professional development and school-wide development

The NCETM and Maths Hubs are now accepting applications for five programmes designed to develop teachers as experts in teaching for mastery and the leadership of professional development.

The programmes are:

- [Primary Mastery Specialist](#)
- [Secondary Mastery Specialist](#)
- [Mastery Specialists in GCSE Resit and Functional Skills](#)
- [Professional Development Lead](#)
- [School Development Lead](#)

How to apply? Follow the links above to visit the webpage of the programme you are interested in applying for, and download and read the information document. When you have secured the support of your headteacher/senior leader, complete the online application form. The closing date for applications is Friday 29 March at 5pm.
