We are delighted to be able to offer free DfE funded reading audits. An audit helps us assess your school's strengths, provide next steps for development and determine your eligibility for:

- **funding** (up to £6000) to invest in an accredited phonics scheme (resources and training)
- **in-person support days** lead by our experienced Literacy Specialists

£100 supply cost available for time spent with us during the audit. Check your school's eligibility by completing our SELF-REFERRAL form on our website or by scanning the QR code.
